Friday 10th July 2020

Dear Parents and Carers,

This year is an unusual transition to new year groups for children, parents and our staff team. We appreciate many children may be feeling a mixture of emotions about saying goodbye to their past teachers and starting a new year group in September with a new teacher. Getting to know each other and having the opportunity to build relationships is beneficial for everybody. Therefore, to support transition at this unusual time, staff have been busy filming video clips for each class. The link to your class video is here: <https://youtu.be/GQiNJKne9ZU>

New class teachers for September have had thorough handover meetings with past teachers. However, we recognise that children and parents may have further information that they wish to share with new teachers. Therefore, we have created class questionnaires where you can feedback any information you would like to with your child's new teacher. Please complete your response by Friday 17th July. The link for you class questionnaire is here: <https://forms.office.com/Pages/ResponsePage.aspx?id=xDKCdq-3p0WqkaWWCfovFQdpCbCMeOIDuhpr8WMe1hVURDE0N0YyMUY4SUJIV0FINzhNS09LRzRYRC4u>

This term's last home learning activity also offers the opportunity for children to decide how they would like to share information about themselves. You can find more information about this in the home learning attachment.

We hope the information shared today will support children's transition to a new class in September. In terms of reopening plans and health and safety measures for September, we will be sending out further details next Wednesday.

Best wishes,
Nova Leadership Team
