

Year 1 Home Learning Tasks – Term 5

Maths Number Facts:

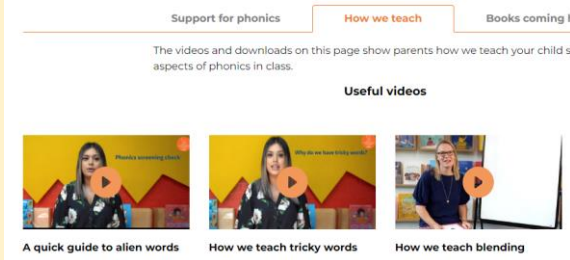

This term in class we are focusing on counting in 2s, 5s and 10s; fluently, forwards and backwards.

My personal maths target:

This term I need to learn step counting in 2s, 5s and 10s

Alien Words

All Year 1 children sit a phonics screening test at the beginning of Term 6. Please visit the Little Wandle parents page <https://www.littlewandlelettersandsounds.org.uk/resources/for-parents/> and watch A Quick Guide To Alien Words under the tab How We Teach

My personal spelling target:

This term I need to spot phase 5 digraphs and trigraphs in alien words.

Reading:

Children should read at least 5x a week at home to an adult. We encourage adults to discuss children's reading with them.

All children have a levelled decodable book from school which they will change once they have read with an adults at home and their reading records have been signed. Children also have access to wider interest books from their class and school library.

My personal reading target:

This term I need to read with an adult, at home, for at least 5 minutes per day.

Suggestions of optional wider curriculum activities:

This term our line of enquiry is 'Why is water precious?'

- ❖ **Geography** – Can you sing the songs we have learnt at home to remember the seven continents and five oceans?

(Both can be found on youtube; **Seven Continents Geography Song** and **Five Ocean Song** by Hopscotch)

- ❖ **Science** – can you research different types of animals such as birds, reptiles, mammals, amphibians and fish. You could make a mini fact book or poster to show what you have learnt

- ❖ **PSHE** – Can you find some baby photos and discuss how much you have grown and changed since then?
